

LED SPIRAL ANTI-MOSQUITO

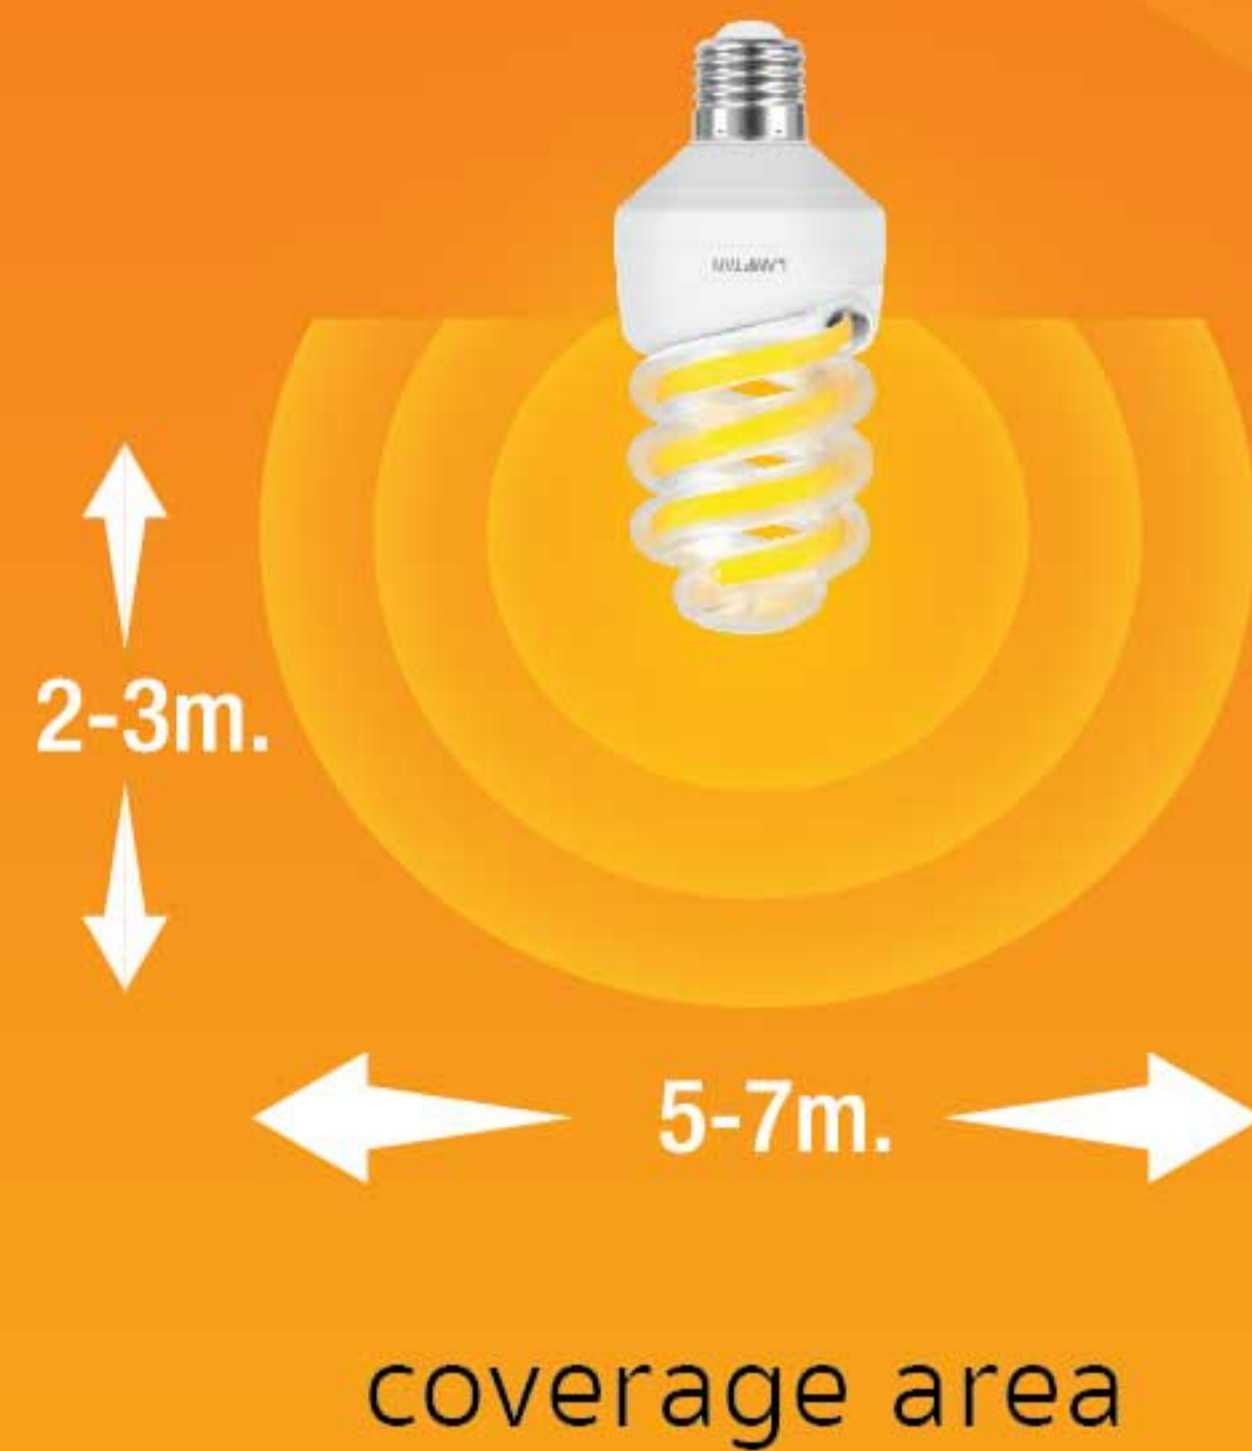

Human Friendly

With it emitting light without UV in compact spiral shape and controlling the light wave in the range which are invisible to mosquitoes and insects, these pests will never be a problem anymore. Perfect for your pet cage, farms, chicken roosts, kennels and balconies.

Mosquitoes tend to fly upward at a certain height, so the installation of mosquito repellent lamp should be higher than the height of a person.

Recommend not to used with normal light
